

- Born in Varese on 13 September 1990;

Scientific interests: Structural geology, fieldwork, geology, geology of earthquakes, active

THOUGHT...

*"Belle sono le cose che si vedono, ancor più belle quelle che si conoscono,
bellissime quelle che si ignorano"* (Cit. Beato Niccolò Stenone)

AWARENESS...

*"Per la prima volta mi resi conto della mia infinita piccolezza e del fatto che la
nostra Terra non era altro che un sassolino su una spiaggia dove, di sassolini, ne
esistevano a milioni"* (Cit. Fred Uhlman)

- Contribution to "The Surface faulting produced by the 30 October 2016 Mw 6.5 Central Italy earthquake; (Open EMERGEO Working Group Team)".
- "Dissemination" for PLS 2017 with the module "Know the earthquake" and at the "European Researchers Night".

- **Research topic:** 3d structural style and seismogenic potential of intracontinental extentional faults systems (study areas from the Apennines of Italy and from the Basin and Range of USA).

AIMS FOR 2018

- Submission of a **paper** on Irpinia Epicentral area for an International Journal;
- **Field work survey** in the 1857 earthquake area;
- Submission of a **paper** on 1857 epicentral area;
- Participation to an Italian and to an international **Congress**:

Collaborations:
