ACADEMIC POSITIONS

2020-present: Associate Professor (ERC: 11/E1; SSD: M-PSI/02) of Psychobiology and Physiological Psychology at the Department of Psychological, Humanistic and Territorial Sciences, University “G. d’Annunzio” Chieti-Pescara, Italy.

2019 – 2020: Associate Professor (ERC: 11/E1; SSD: M-PSI/02) of Psychobiology and Physiological Psychology at the Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Italy.

2016 – 2019: Senior Researcher (RTD/b; ERC: 11/E1; SSD: M-PSI/02) at the Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Italy.

2010 – 2016: Post-Doc researcher at the Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Italy. Supervisor: Prof. Francesco Di Russo.

2005 – 2009: PhD fellowship in Human Movement Science at the Department of Oncology and Neuroscience, University “G. d’Annunzio” Chieti-Pescara, Italy. Supervisors: Prof Silvia Comani and Prof Maurizio Bertollo.

EDUCATION

2010 – 2016: Postdoctoral fellow at the Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Italy.

2012 – 25.07.2016: BSc in Psychology, University “G. d’Annunzio” Chieti-Pescara.

2005 – 08.02.2010: PhD in Human Movement Science at the Department of Oncology and Neuroscience, University “G. d’Annunzio” Chieti-Pescara. Dissertation: “Motor Learning and Development: From Behavioral Analysis to Neural Signature” (score: Excellent).

2003 – 25.10.2005: MSc in Preventive and Adapted Physical Activity: Science and Methods at the University “G. d’Annunzio” Chieti-Pescara (score: Magna cum laude).

2000 – 20.10.2003: BSc in Human Movement Science at the University “G. d’Annunzio” Chieti-Pescara.

NATIONAL RESEARCH ACTIVITY

2010 – 2016: Post-Doc fellowship in the Cognitive and Action Neuroscience Lab at the Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Italy, on the following topics:

1. *Integration between electrophysiological and neuroimaging measures for a spatio-temporal mapping of the brain areas involved in actions*
2. *The effects of sport activity on brain functions and performance across life span in healthy and special population*
3. *Neural basis of the body awareness in healthy subjects and patients*

INTERNATIONAL RESEARCH ACTIVITY

09.2011: Harvard Medical School, Boston, MA-USA

Invited Researcher by Prof Yoshio Okada, Department of Neurology.

04.2008 – 08.2009: Biomedical Research and Integrative NeurolImaging (BRaIN Imaging) Center, MIND Institute, University of New Mexico, Albuquerque (New Mexico – USA)

Visiting Scientist, supervisors: Prof Yoshio Okada and Prof Julia Stephen.

04.2007 – 10.2007: San Francisco State University, Department of Kinesiology, San Francisco CA-USA e Infant Studies Laboratory, Psychology Department, Berkley University, San Francisco (California - USA)
Visiting Scientist, supervisor: Prof David I. Anderson.

04.2006: Center for Complex Systems and Brain Sciences, Florida Atlantic University - Boca Raton (Florida – USA). Visiting Scientist.

INTERNATIONAL AND NATIONAL FINANCED PROJECT

1. Principal Investigator in the project financed by the University of Rome “Foro Italico” with code CDR2.BANDO2020BM. Title: *The brain control underpinning cognitive-motor processing during incremental task to exhaustion.* 5000€
2. Investigator in the project financed by University of Rome “Foro Italico” with code CDR2.RIC182015DRF. Title: *Getting ready to walk: cognitive brain activity preceding transitive lower limbs actions.* Principal Investigator: Prof Francesco Di Russo. 30000€
3. Investigator in the project approved by the HRRC (Human Research Review Committee) with code 08-236 at the Mind Research Network, Albuquerque, University of New Mexico, NM-USA. Funding organization: UNM HSC CTSA – Novel Methods Pilot Project. Principal Investigators: Prof Robert Annott and Julia Stephen. Title: *“Characterization of the Mirror Neuron System in 3-9 month old infants using the babySQUID MEG system”.* 20000\$

AWARDS FOR RESEARCH AND TEACHING ACTIVITIES

- **Habilitation: Abilitazione Scientifica Nazionale (ASN):** ERC: 11/E1- General Psychology, Psychobiology and Psychometric. Associate Professor.
- **Fondo per il Finanziamento delle Attività Base di Ricerca (FFABR):** provided by the Italian Ministry of Education, University and Research (MIUR). 3000 €.

- **Erasmus +, Staff mobility teaching** at the Universidad de Granada (Spain), September 2019.
- **Two 3-month fellowship** for research and high education activities reserved to PhD students at the University of Chieti-Pescara “G. d’Annunzio”. Academic Year: 2008/2009. (Interventi previsti nell’ambito del Progetto regionale formazione tecnico scientifica – POR Abruzzo2000-2006 C3/IC4E). Visiting Institute: Biomedical Research and Integrative Neuroimaging (BRaIN Imaging) Center, MIND Institute, University of New Mexico, Albuquerque (New Mexico – USA). Financing: 2500€ for each trimester; total: 5000€.
- **Two 3-month fellowship** for research and high education activities reserved to PhD students at the University of Chieti-Pescara “G. d’Annunzio”. Academic Year: 2006/2007. (Interventi previsti nell’ambito del Progetto regionale formazione tecnico scientifica – POR Abruzzo2000-2006 C3/IC4E). Visiting Institute: San Francisco State University, San Francisco CA-USA e Infant Studies Laboratory, Psychology Department, Berkley University, San Francisco (California – USA). Financing: 2500€ for each trimester; total: 5000€.

ORGANISATION OF SCIENTIFIC MEETINGS

Member of the organizing committee: 1st International Workshop “Perinatal Biomagnetism 2009: How can it help sick fetus/infant?” Chieti - Italia (<http://pb2009.udanet.it>).

REVIEWING AND EDITORIAL EXPERIENCES

Ad-hoc reviewer: Frontiers in Human Neuroscience; Frontiers in Psychology; PLoS One; Perceptual and Motor Skills; Brain Cognition; Neurobiology of Aging; Aging, Neuropsychology and Cognition; Journal of Psychophysiology; Developmental Psychobiology; NeurolImage; Neuropsychologia; PeerJ; Child Development; Biological Psychology; many others.

Review Editor in the Editorial Board of *Frontiers in Psychology (Cognition, Movement Science and Sport Psychology)* [IF: 2.23]

Associated Guest Editor for a Research Topic in *Frontiers in Human Neuroscience* “Bridging the gap before and after birth: methods and technologies to explore the functional neural development in humans”. DOI 10.3389/978-2-88919-687-6. [IF: 3.20]

MEMBERSHIP

Affiliate member: Italian Society of Psychophysiology (SIPF), International Multisensory Research Forum (IMRF), BIND (Behavioral Imaging and Neural Dynamics Center at the University of G. d’Annunzio, Chieti, Italy).

INVITED TALKS

- *Neuromuscular control in Karate: the central nervous system.* FIJKAM karate Lombardia, Milan (13 October 2018).
- *ERPs during steps.* Italian Society of Clinical Neurophysiology (SINC) and Italian Society of Movement Analysis in Clinical Practice (SIAMOC), University of Bari (29 June 2018).
- *Workshop BrainVision Analyzer.* Foro Italico, Roma (May 2017)
- *Sport and cognitive neuroscience.* Scuola dello Sport, National Olympic Committee, Roma (March 2017).
- *Brain imaging to assess the effects of age and exercise on cognitive functions.* 2nd Symposium on Active Aging, 11 November 2016, Casino Baumgarten, Wien (Austria).

- *Neurocognitive changes with aging: physical activity and exercise as countermeasure.* University of Southern Denmark, Odense (March, 2014).
- *The benefits of physical exercise on the aging brain: The role of the prefrontal cortex.* University of Southern Denmark, Odense (March, 2014).
- *Physical activity in early childhood: the contribution of neuroscience.* Italian National Olympic Committee, Modena, Foggia, and Ancona, Italy (April, 2014 and March, 2015).
- *Age-related over-recruitment of the prefrontal cortex.* IRCCS Santa Lucia Foundation, Rome (December, 2012).
- *Numerous Italian seminars*

SUPERVISION OF GRADUATE AND DOCTORAL STUDENTS

2011 – 2016: 2 PhD students, 10 graduate students and 5 master students (2 winners of University award for their thesis). Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Rome, Italy.

TEACHING ACTIVITIES

International

2007 (April - October): “Learning and Neuromotor control” at the Department of Kinesiology, San Francisco State University, San Francisco CA-USA.

PhD thesis committee

2020: Department of Experimental Psychology, “University of Seville”, Spain.

National

2020 –2021: Cognitive Neurosciences, Decision making and Neuromarketing at the 2nd cycle degree in Economics and Behavioural Sciences, University “G. d’Annunzio” Chieti-Pescara, Italy.

2020 –2021: Psychobiology 1 at the 1st cycle degree in Psychological Sciences, University “G. d’Annunzio” Chieti-Pescara, Italy.

2020 –2021: Neuropsychology at the 2nd cycle degree in Clinical Psychology, University “G. d’Annunzio” Chieti-Pescara, Italy.

2020 –2021: General Psychology at the 1st cycle degree in Biomedical Laboratory Techniques, University “G. d’Annunzio” Chieti-Pescara, Italy.

2017 – 2020: Sport Psychology at the 1st cycle degree in Human Movement Science, University of Rome “Foro Italico”, Rome, Italy.

2017 – 2020: Developmental Psychology at the 1st cycle degree in Human Movement Science, University of Rome “Foro Italico”, Rome, Italy.

2013 – 2016: Teaching assistant – Sport psychology. Department of Human Movement, Social and Health Sciences, University of Rome “Foro Italico”, Rome, Italy.

2012 – 2015: Integrative teaching – Biomechanics. University “G. d’Annunzio” Chieti-Pescara.

SCIENTIFIC PUBLICATIONS

Peer reviewed journal: Published

1. Di Russo F, **Berchicci M**, Bianco V, Perri RL, Pitzalis S, Mussini E. (2021). Modulation of anticipatory visuospatial attention in sustained and transient tasks. *Cortex*, 135: 1-9. DOI: 10.1016/j.cortex.2020.11.007 [IF: 4].

2. Di Russo F, **Berchicci M**, Bianco V, Mussini E, Perri RL, Pitzalis S, Quinzi F, Tranquilli S, Spinelli D. (2020). Sustained visuospatial attention enhances lateralized anticipatory ERP activity in sensory areas. *Brain Structure and Function*. (In Press). [IF: 3.6].
3. Mussini E, **Berchicci M**, Bianco V, Perri RL, Quinzi F, Di Russo F. (2021). Effect of task complexity on motor and cognitive preparatory brain activities. *International Journal of Psychophysiology*, 159: 11-16. DOI: 10.1016/j.ijpsycho.2020.11.008 [IF: 2.8].
4. Mussini E, **Berchicci M**, Bianco V, Perri RL, Quinzi F, Di Russo F. (2020). The role of task complexity on frontal event-related potentials and evidence in favor of the epiphenomenal interpretation of the go/no-go N2 effect. *Neuroscience*, 449: 1-8. [IF: 3]. <https://doi.org/10.1016/j.neuroscience.2020.09.042>.
